Plustek SmartPhoto F50

Share Your memories with Family and Friends

Plustek SmartPhoto F50 is a compact and handy 35mm film scanner with 1800dpi optical resolution which curtails the entire expense of developing the films to digital photographs for personal usage. It scans the films directly and brings those hidden memories back to life.

With the Two one-touch button make it absolutely easy to scan the films, just insert the film, press the button and the software converts them into

digital images for updating in your photo album wherein you can easily share them with friends and love ones.

Moreover, Plustek SmartPhoto F50 is offered at very reasonable price, an ideal solution for the home users who need to upload lots of photographs onto their blogs such as Facebook, Picasa, Orkut, MSN, Flickr, etc
